ZOEY WALKER

Front End Developer | JavaScript | Vue.js | Agile

📞 +1-(234)-555-1234   @ Email   🔗 linkedin.com   📍 Denver, Colorado   ☆ Extra Field

SUMMARY

Dynamic Front End Developer with over 8 years of experience in creating efficient web applications. Expertise in JavaScript frameworks and enhancing team productivity. Led projects impacting 500+ users, improving performance by 30%. Passionate about innovation and continuous improvement in the web development sphere.

PROJECTS

Vue Component Library

Developed an open source library of Vue components for faster project initiation. github.com/zoeywalker/vue-lib

Node.js API Development

Created a modular API in Node.js for personal projects. github.com/zoeywalker/node-api

KEY ACHIEVEMENTS

💡 **Website Performance Optimization**
Enhanced loading speed by 30% for a major client, resulting in a 15% increase in user satisfaction scores.

⭐ **Award Winner at Tech Conference**
Received Best Developer Award at DevCon 2020 for innovative use of JavaScript frameworks.

🏆 **Contributor to Open Source Framework**
Contributed to an open source Vue.js framework, leading to 500+ direct implementations globally.

🚩 **Scrum Team Lead**
Led the Scrum team that delivered a key project three weeks ahead of schedule, boosting team morale and client trust.

EXPERIENCE

Senior Front End Developer

TechNoco Inc.   📅 01/2021 - 10/2023   📍 Boulder, Colorado

- Collaborated with cross-functional teams to deliver five quarterly projects, boosting user engagement by 40%.
- Streamlined CI/CD pipeline processes, reducing deployment time from 20 hours to 10 hours, enhancing team productivity.
- Developed reusable components in Vue.js, reducing code redundancy by 25% and improving maintainability.
- Spearheaded performance upgrades on existing applications, resulting in a 30% enhancement in loading speeds.
- Facilitated Scrum ceremonies, leading to a 15% increase in sprint velocity and timely project delivery.
- Collaborated with designers and backend developers to create a seamless API, improving functionality by 20%.

Front End Developer

SoftSol Technologies   📅 06/2016 - 12/2020   📍 Denver, Colorado

- Helped develop a single-page application that increased site traffic by 50% over eight months.
- Conducted thorough debugging across environments, reducing reported bugs by 30%.
- Worked closely with QA teams, cutting down software testing time by 15%, facilitating rapid releases.
- Engineered modular JavaScript components, enabling a 20% reduction in production errors.
- Improved site24×7 monitoring, which led to the identification and elimination of three performance bottlenecks.

Web Developer

CyberWorks Solutions   📅 01/2012 - 05/2016   📍 Aurora, Colorado

- Led migration of legacy systems to modern SPA, increasing development efficiency by 35%.
- Enhanced Google Analytics integration, leading to improved data insights and a 10% rise in client recommendations.
- Automated configuration scripts for production environments, reducing deployment errors by 20%.
- Developed custom scripts for interactive elements, boosting user retention by 25%.

SKILLS

JavaScript, Vue.js, Node.js, Git, HTML/CSS, CI/CD pipelines

EDUCATION

Master of Science in Computer Science

University of Colorado Boulder   📅 01/2010 - 01/2012   📍 Boulder, Colorado

Bachelor of Science in Information Technology

Colorado State University   📅 01/2006 - 01/2010   📍 Fort Collins, Colorado
